# How To Add New Page

The screenshot shows a web browser window with the URL `https://m3tstdev.lnjb.local:21108/mne/`. The browser's address bar and navigation buttons are visible. Below the address bar, there is a navigation menu with several categories: Favorites, SMS - Sales and Marketing Automation, SLS - Sales Management, EQM - Equipment Quotation Management, MNT - Maintenance Order Management, and More... A blue arrow points from the 'Add Page...' option in the 'My Pages...' dropdown menu to the 'Add Page' dialog box. The dialog box has a title bar with a green plus icon and the text 'Add Page'. Inside the dialog, there is a text input field labeled 'Title:\*' with the text 'New page 1' entered. At the bottom of the dialog, there are two buttons: 'OK' and 'Cancel'.

The screenshot shows the Windows taskbar and download bar. The taskbar includes the Start button, several application icons, and a system tray with the date and time: 'Monday 21/03/2016 18:57'. The download bar shows a file named 'imageedit\_2\_3413697....gif' and a 'Show all downloads...' link.

# How to add Page from Library

The screenshot shows the M3 H5 Client web application. A context menu is open on the left, listing options: Add Widget..., Add Page..., Add Page from Library..., Delete Page..., Remove Favorite Page..., Refresh, My Pages..., Page Settings..., User Settings..., and an Advanced section. A blue arrow points from 'Add Page from Library...' to the 'Add Page' dialog box. Another blue arrow points from 'Delete Page...' to the text 'Delete for the particular Page' below. The 'Add Page' dialog box contains a table of existing pages with columns for Name, Owner, Changed, Popularity, and action icons (star, lock, trash). At the bottom of the dialog are 'OK' and 'Cancel' buttons.

Name	Owner	Changed	Popularity

# Conditional Formatting

Conditional Styles ✕

[Create Conditional Styles](#)

A conditional style is a format, such as background color or font style, that is applied to fields if a specified condition is true. To create a new conditional style for a field, click New. You can also edit, copy, or delete the conditional styles you created.

Conditions in the list are evaluated from top to bottom, and the first condition that is met is applied. Change the order of the conditions by clicking a condition and then clicking Move Up or Move Down.

Select condition type

Trim blank spaces

Select condition type

- Select condition type
- Numeric
- Text**
- Date

# Conditional Formatting

Field Type a specific value or any equivalent field value

Remove the blank Space

---

Trim blank spaces

The image shows a configuration interface for conditional formatting. It consists of a horizontal sequence of dropdown menus and a text input field. The first dropdown is set to 'Numeric'. The second dropdown is set to 'Customer (CUNO)'. The third dropdown is set to 'Equals (=)'. The fourth dropdown is set to 'Specific Value' and is currently open, showing two options: 'Specific Value' (highlighted in blue) and 'Field'. To the right of the dropdowns is an empty text input field. Further right is a checkbox labeled 'Trim blank spaces', which is currently unchecked. To the right of the checkbox are two small buttons, one with a plus sign and one with a minus sign. Two blue arrows point from text labels above to the 'Specific Value' dropdown and the 'Trim blank spaces' checkbox.

# Conditional Formatting

After some formatting & next next the complete condition will be create & the B Panel will be updated so that you can easily find the Data
